Avant LB6 for Plastic Containers

LB6 Boltless Shelving for Plastic Containers

Suitable for inserting polypropilene containers size 600x400 mm.
Available in zinc plated finish.
Each pair of shelf guides have a max load of 50 kg and can be adjuisted in height every 50 mm.
Shelving consists of a starter rack and an add-on rack.
The number of shelf guides is determined by dividing the usable height of the shelving by the slide pitch.
